“Your system has fit right in with our business philosophy. We always knew that we should stay in contact with customers, but could never find a program like yours that had it 95% completed for us. The Neighborhood Advisor filled the need for a newsletter that none of us had the chance to organize. And a referral program had always been on our 'to do' list, but we'd never gotten around to it. Your system has allowed us to move forward with our goals.”

**“Jim, I replaced all my advertising with the Neighborhood Advisor and I’m busier than ever. Plus it attracts a higher quality customer. My residential margins are at 45%, and I just did a \$120,000 commercial job with 50% margins. When my customers move, they give me their forwarding address so I can keep sending them the Neighborhood Advisor. None of my other advertising did this. Thanks Jim.” -Dan Ginnaty, MT**

**“Jim, I'm making more and working less! I used to work 'dark to dark,' including weekends. I now take weekends off, and work a lot less during the week. At the same time, my revenue is up by 50% two years in a row. And my margins are at 45%. Your program has changed my life. Thank you!” -Craig B., Florida**
